

PRODUCT OVERVIEW

Decking, Railing & Accessories | 2025

MADE IN USA

TimberTech®

PREMIUM DECKING

With the highest quality decking and railing, plus outstanding service,
TimberTech is the go-to choice for contractors and homeowners.

Shown here & front cover: Landmark Collection in Castle Gate™

Unrivaled real wood looks

The most convincing aesthetics with more colors and textures than any other brand

Proprietary technology

Industry-leading tech for a cooler touch and top-rated fire resistance

Sustainably made

With up to 85% recycled materials, our decking is more sustainable than wood

Our most realistic wood looks with unparalleled performance

TOP-RATED FIRE RESISTANCE Ignition Resistant designation, Class A Flame Spread Rating, and/or WUI Compliant

SUSTAINABLE Made in the USA from approximately 60% recycled material

SUPER DURABLE Highly moisture-resistant & won't splinter, crack, peel, or rot

LOW MAINTENANCE No sanding, staining, or sealing — ever

FADE RESISTANT Maintains its rich color for decades*

FRIENDLIER TO BARE FEET Splinter free and up to 40% better traction than the competition

COOL TOUCH TECHNOLOGY Up to 30° cooler than the competition**

INDUSTRY-LEADING WARRANTIES 50-Year Fade & Stain and Limited Lifetime Product Warranties

DESIGN VERSATILITY Multiwidth Decking options and heat-bending capabilities

*Depending on environmental conditions, TimberTech Composite Deck colors may appear to change over time as part of the natural weathering process consistent with the warranty guarantees where applicable. **Although TimberTech Polymer Decking is cooler to the touch than many other deck board products, all decking products will get hot in the sun. Additionally, the darker the decking color, the hotter it will feel. For hotter climates, consider choosing a lighter color.

Vintage Collection® in Multiwidth Coastline®

ADVANCED POLYMER

VINTAGE COLLECTION®

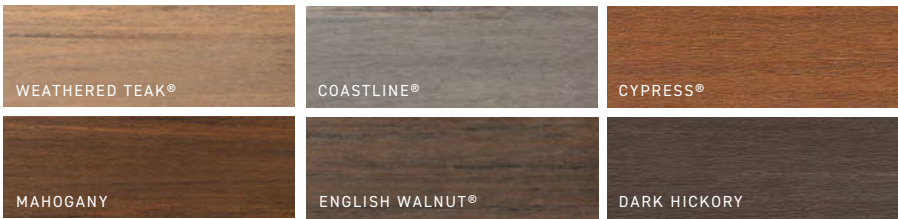

Exotic Hardwoods

This collection captures the look of sought-after premium hardwoods — with a refined wire-brushed finish and multitoneal color blending featuring highlights and lowlights.

- Complex, multitoneal colors to reflect the natural variations in exotic woods
- With an Ignition Resistant designation, Class A Flame Spread Rating, and WUI Compliance, it's the best choice for fire zones
- Design flexibility with Multiwidth Decking in narrow, standard, and wide widths for all colors

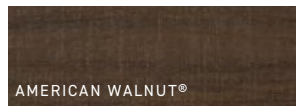

Vintage Collection in Weathered Teak®

Harvest+ Collection in Timber Gray
RadianceRail Express® in White

ADVANCED POLYMER

LANDMARK COLLECTION®

Crosscut Hardwoods

For a look that resembles popular hardwoods like white oak and walnut, choose this crosscut cathedral grain style with a matte finish and cascading color blending for subtle board-to-board variation.

- Cascading highlights and lowlights create dramatic coloring for unique board-to-board variation
- With an Ignition Resistant designation, Class A Flame Spread Rating, and WUI Compliance, it's the best choice for fire zones
- All colors available in standard width

ADVANCED POLYMER

HARVEST+ COLLECTION

Understated Cathedral Grain

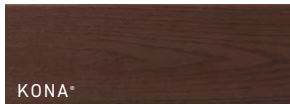

Bring the character of gently worn hardwoods to your outdoor space. This collection features a beautifully aged patina for a natural, lived-in look.

- Blended coloring with subtle highlights, lowlights, and tonal variations
- Artful layering of open and cathedral grain patterns with a low-gloss finish
- Harvest+ is expected to meet WUI requirements, but final testing was pending at the time of publication; please visit [TimberTech.com](https://www.timbertech.com) for the most up-to-date information
- Available regionally in standard width and thickness

STANDARD	
140 mm (5.5")	25 mm (1")
140 mm (5.5")	25 mm (1")

Harvest Collection in Slate Gray
Classic Composite Series in White

ADVANCED POLYMER

HARVEST COLLECTION®

Refined Cathedral Grain

Embrace the soft, inviting versatility of attractive cathedral grain — with varying peaks and soft, solid colors that suit a range of styles.

- Solid, soft coloring for a simple, attractive finish
- With WUI Compliance, it's a smart choice for fire zones
- Slate Gray and Brownstone available in standard & wide widths

Porch Collection in Mahogany
Classic Composite Series in White

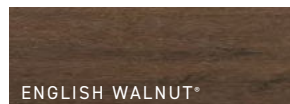

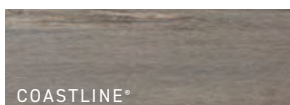

ADVANCED POLYMER

PORCH COLLECTION

Hardwoods & Stained Wood

Bring all the beauty and performance benefits of TimberTech Advanced Polymer Decking to the porch. Our innovative tongue-and-groove installation allows for smaller gaps between boards for a traditional porch flooring look.

- Standard 79 mm (3.125") available in all colors
- Wide-width 140 mm (5.5") available in Coastline, Cypress, Dark Hickory, English Walnut, Mahogany, and Weathered Teak
- With WUI Compliance, it's a smart choice for fire zones
- Also available in cladding; see details at timbertech.com/cladding

TERRAIN+ COLLECTION™

Subtle Wood Grain

With new and improved color blending technology, these boards deliver sophisticated colors with a subtle grain pattern like sanded white oak and walnut for a versatile, natural wood look.

- Curated palette of colors with low-gloss matte finishes that can be used in mixed-color patterns
- Four-sided, proprietary polymer cap (even in the grooves) made with zero wood fibers for superior sun and moisture resistance

Terrain Collection in Silver Maple

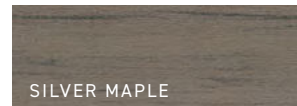

COMPOSITE

TERRAIN® COLLECTION

Rugged Cathedral Grain

Capture a timeless, authentic wood look with the Terrain Collection. With subtle color variation and a textured grain, these boards deliver an attractive look for your outdoor oasis.

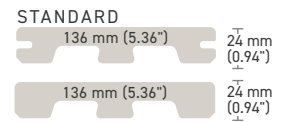

- Rugged cathedral grain pattern with embossed finish that hides everyday wear and tear
- Four-sided, proprietary polymer cap (even in the grooves) made with zero wood fibers for superior sun and moisture resistance

SILVER MAPLE

BROWN OAK

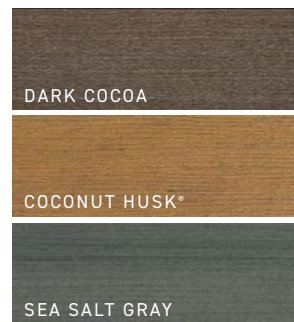

COMPOSITE

PRIME+ COLLECTION®*

Timeless Wood Grain

Choose this collection for a classic wood aesthetic with natural, inviting colors and a textured straight grain pattern.

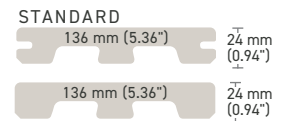

- Moderately color blended with a straight grain pattern
- Three-sided proprietary polymer cap made with zero wood fibers for excellent sun and moisture resistance

DARK COCOA

COCONUT HUSK®

SEA SALT GRAY

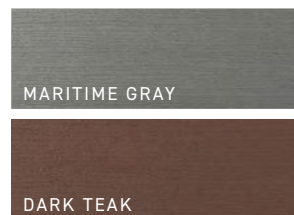

COMPOSITE

PRIME & PREMIER COLLECTIONS*

Painted Wood

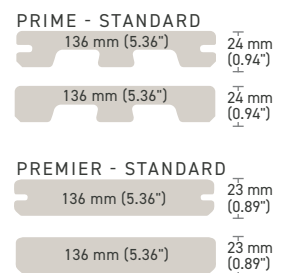

Like an opaque stained or painted wood look, these collections feature vivid, solid wood stain colors. The Prime Collection features a scalloped board for a lighter weight, without compromising a secure underfoot feel.

- Subtle straight grain pattern with earthy, vivid wood stain colors
- Three-sided proprietary polymer cap made with zero wood fibers for excellent sun and moisture resistance

FASTENERS & FINISHING TOUCHES

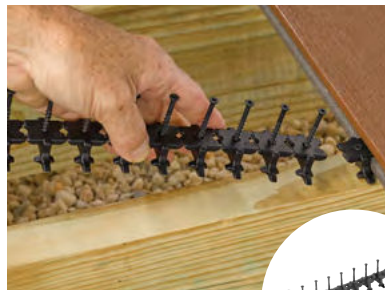

TimberTech Fasteners are uniquely designed to work with TimberTech Decking. For the best possible installation, don't settle for anything less.

HIDDEN FASTENERS FOR GROOVED BOARDS

CONCEALoc®

With matte brown clips installed in between grooved boards for a hidden appearance, CONCEALoc® can be installed pneumatically with the FastenMaster TigerClaw Gun or manually using a drill. Designed exclusively for our grooved deck boards.

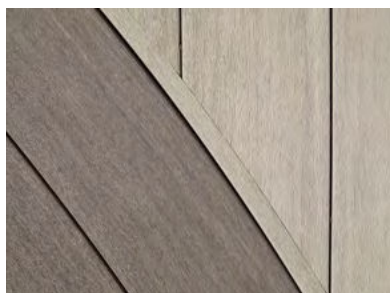

EDGELoc®

Designed exclusively for TimberTech Prime+, Prime, and Premier grooved boards, EDGELoc's nylon 12-clip collated strips and pre-set stainless steel screws make installation and create a 5.5 mm ($\frac{7}{32}$ ") gap for a uniform appearance.

For use with Prime+®, Prime, and Premier grooved boards only

HIDDEN FASTENERS FOR SQUARE SHOULDER BOARDS

CORTEX®

Top-down system with material-matched plugs made of the same decking as the surface boards. The high-quality, ACQ-approved, specialty deck screws have a Torx® ttap® drive system and can be used on stairs and perimeter boards. Collated plugs now available for all decking colors*.

CORTEX® FOR ADVANCED PVC

CORTEX® FOR COMPOSITE

New Now available in Terrain+

*Not for use with Prime+®, Prime, or Terrain collections.

CORTEX® COLLATED SCREWS

For a more comfortable installation from the standing position, Cortex Screws can now be installed through the FastenMaster PAMFast™ Tool. With its smooth, consistent drive, PAMFast fastening technology prevents jams and dramatically reduces installation time.

PAMFast Tool sold separately.

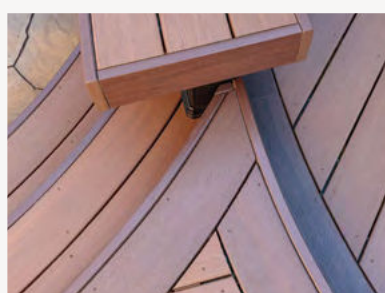

SIDELoc™

Designed exclusively for TimberTech Advanced Polymer square-shoulder boards, this system features screws installed at an angle through the side of the board and into the joist for a secure hold. Use the SIDELoc™ guide for consistent 3 mm ($\frac{1}{8}$ ") board spacing.

Not for use with TimberTech Composite Decking

COLOR-MATCHED FASTENERS FOR ALL DECK BOARDS

TOPLoc®

Top-down, color-matched decking fasteners that blend in with your deck boards, fascia, and riser boards. Available for both TimberTech Advanced Polymer and Composite decking boards.

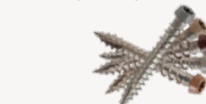

TOPLoc® FOR ADVANCED POLYMER

TOPLoc® FOR COMPOSITE DECKING

TOPLoc® FASCIA FOR ADVANCED POLYMER

TOPLoc® FASCIA FOR COMPOSITE DECKING

TIMBERTECH® PRO-TAC™ FLASHING & JOIST TAPE

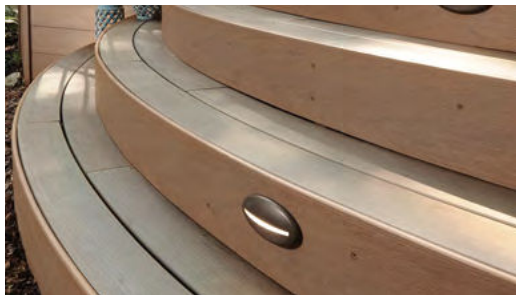

PRO-Tac Flashing and Joist Tape helps extend the life of decking substructures by resisting water penetration and protecting the lumber substructure from rot.

ALUMINUM FRAMING

TimberTech Aluminum Framing gives your deck projects the long-lasting benefits you expect from a TimberTech deck and outperforms other framing materials.

RISER BOARDS

Available for all TimberTech Advanced Polymer and Composite collections. Use on stairs for finished, seamless look. Advanced Polymer Riser Boards can be used with Cortex plugs.

FASCIA BOARDS

Available in all TimberTech Advanced Polymer and Composite Decking colors or White AZEK® Trim Boards. Helps to frame the perimeter of your deck for a polished look.

DRYSPEACE™ WATER MANAGEMENT SYSTEM

Make better use of the area under your deck with DrySpace, an under-deck water management system for second-story decks that collects and helps channel moisture away from the home. Made of solid extruded vinyl for durability and weather resistance.

TIMBERTECH® DECK CLEANER™

Field-tested and approved specifically for all TimberTech capped decking and railing, as well as trim, moulding, and our Invite Collection furniture. The concentrated biodegradable formula removes seasonal debris like dirt, mold, and pollen, as well as everyday spills and stubborn spots.

Not intended for use on wood or uncapped composite decking

New ALUMINUM FRAMING

TimberTech Aluminum Framing gives your deck projects the long-lasting benefits you expect from a TimberTech deck and performs better than other framing materials.

- Built to last with superior material that doesn't rot or corrode like wood or steel
- Major components are backed with a Lifetime Limited Product Warranty
- Compatible with all TimberTech Decking and Railing
- Results in an incredibly flat deck surface that will look great for years to come
- Inherently flame resistant, our Aluminum Framing comes with a Class A Flame Spread Rating, the best available

This is the cream of the crop in framing, like TimberTech is for decking. If you're looking for the #1 thing, this is the best combination I've seen.
